No Poverty Challenge

Prepr

The global poverty rate has halved since 2000 and despite the trend leading downwards since it seems to be flattening out since 2016. Together, we can challenge poverty and the economic systems that allow it to remain. Regardless of the world being more prosperous than ever before, inequality and wage disparity is at an all-time high. Eradicating poverty is not a task of charity but a...

Zero Hunger Challenge

Prepr

Conflict and insecurity are the main drivers in 18 countries, where about 74 million people are in urgent need of assistance. Ending world hunger is a challenge that affects us all. Countries such as Yemen, Nigeria, The Democratic Republic of Congo, South Sudan, and Myanmar are some of the most affected by conflict, poli...

Good Health and Well-Being Challenge

Prepr

We are spending an astonishing amount of money, and exhausting exponential resources, treating illnesses that are easily preventable. Promoting and educating a healthy lifestyle, putting in place preventive measures, and modern healthcare is at the forefront of ensuring our future is a bright, healthy, and sustainable one.

Quality Education Challenge

Prepr

Education is at the center of solving global challenges. A meaningful education equips children with the skills needed to be responsible citizens and care about the economy, health, gender equality, and environmental sustainability. Investing in education is crucial to the overall development of any country and its people.

Gender Equality Challenge

Prepr

Gender equality is fundamental to the social and economic growth of the global community. Ending all forms of discrimination against women is crucial to accelerating sustainable development and achieving global goals. Time and time again, it has been proven that empowering girls and women has a compounding effect of inclusiveness, equality, and the f...
